

## 1914-18 Honour Rolls

This text in black, is a copy of the “Honour Rolls” from ASC History (1964.) Details **highlighted** and also in *italics*, (to assist when no colour printing is available.) are those which research found to differ and sometimes, add to the original.

This was presented to A.S.C. in 2015 as part of the recognition of the centenary of the “Landing.” Thereafter, research was continued to track down any other missing material. These further findings were submitted in time for Anzac Day 2017. They are highlighted in **yellow**.

There is also another change, in that in addition, each **ANZAC** was identified **as such**. For the first time then, one could identify our total of 48 ANZACS. Not overlooking in addition, Johnson, who also served at Anzac **Gallipoli** with a British battalion?

It was found, that there were also some discrepancies between this listing in the History and that on the school Honour Boards. Such was the case with, **Hector Franki** (appearing on boards only.)

So far, the project has identified (to 2015) as “new finds,” the following 8 men:

**Franki, Noel Halford: Doctor, Captain. A.A.M.C. 4 Base Hospital, Randwick 3 years.**

**Griffiths, Owen Rhys: Maj. Royal Australian Garrison Artillery and Pte. In Recruit Training 1914-? – 18/9/18 to 11/11/18.**

**Henn-Gennys, George: Trooper 2<sup>nd</sup> Remount Unit 8/10/15 to 17/6/16.**

**Matthews, Henry Delahunt: Captain RAMC British Expeditionary Force Chinese Labour Corps, 3<sup>rd</sup> Native Labour Gen. Hospital -/4/17 to -/7/19.**

**Nash, James Leslie: Private. 20/9/18-18/11/18 Pre-Embarkation at War's End.**

**Shaw, Richard Glinn Vallack: In Training Camp Sydney 31/5/18- Nov. 1918?**

In addition to the above 6, who survived the war, are **Korff** and **Mervyn Day**; being additions to the original list of those who lost their lives.

**2017 Addenda:**  
(Highlighted yellow.)

**Kirwan is now identified in detail.**

**Additional “new finds” since the above were found:**

**Borton, Dann, Rodd, Hugh Hole, M. McPhillamy, Swan.**

The original Bathurstian Editor Sloman, asked veterans for their dates of “**embarkation**” for return. With this project, one at first, missed the point of this word? Offering a correction, by way of recording their “**Discharge**”

**Date.** following arrival back home. This could be much later, after a long voyage and possibly extended medical treatment thereafter. In the case of Callaghan, he arrived in Sydney 9/6/19, but was not discharged from hospital till 18/10/19.

Many thus remained in uniform for months after leaving Europe and the Middle East. This gives a different and longer, indication of their span of service.

In explanation, of the **highlighting**:

For instance, **a A'Beckett.** Indicates, the correct lower case spelling. "Innes" becomes, "**Long-Innes.**" This is an example of different listing of various hyphenated names.

**Albert (Earlston Warwick):** Sometimes an incorrect name is given and is underlined.

**MID\*\*\*** many unrecorded awards were found, such as "Mentioned in Despatches." This reference indicates the first award and an additional three more. Note with C.E.W. Bean, his MID was not originally recorded:
