

NOONE

BEST IN CLASS SINCE 1947

Social Distancing in Store

For the ongoing wellbeing of our staff and customers, we have put the following additional precautionary measures in place: -

- The total number of customers in store is two groups at any one time.**
- tap and pay retail transactions preferred wherever possible (no cash handling)**
- please practise social distance in-store – keeping 1.5metre distance from staff and other customers**
- every second fitting room has been closed off to meet social distancing requirements**
- continue good hand and sneeze/cough hygiene and keep your distance from others**
- if you have recently travelled overseas or are experiencing any flu like symptoms, we ask you to please telephone or email the store instead of coming in store. We will organise your school uniform requirements to be delivered to your home/office.**

Our staff will continue to serve you.

Kind regards

Noone Management
